

PREMIUM ORGANICS PREMIUM BIO-NET

ADVANTAGES

Provides microbial support
for root growth & VAM

Improves tolerance to
adverse conditions

Promotes VAM

OVERVIEW

Premium Bio-Net is an organic fermented plant extract approved for use in organic cropping systems. It is steeped in a proprietary media solution and fermented under controlled conditions and stabilized, ensuring organic matter without the bulk of conventional sources.

Plant-X Products have a shelf life of 1-2 years. Plant-X Products smell fresh, and should not be used otherwise.

COMPATIBLE

- Liquid fertilizers
- Bio-products
- Consult for detailed information

RESULTS

- Biological alternative
- Improved fertilizer utilization
- Improved produce quality

BENEFITS

Premium Bio-Net's primary function is to help produce strong, healthy root systems and plants that have higher natural tolerance to adverse conditions.

Bio-Gro's Plant Extract line populates the plant's rhizosphere with positive microbes. Bio-Net is a best practice tool, used in non-fumigation fields, but always used in conjunction with other best practice measures.

CONTENTS

Plant Extracts 95%

8.4 lbs/gal
pH 3.0 - 3.5

Mixing Instructions

Best Practice: Add to tank prior to fertilizer. Agitate prior to application.

APPLICATION RATES

Use 1:50 ratio in transplant water.

Planting:

1-4 gal/acre, preferably directly with seed.

Spring Root Flush:

3-10 gal/acre on permanent crops
(use with 10 gallons of Premium 21)

Drip/Sprinkler Applications:

1-2 gal/acre every 10-14 days.

Storage

Do not store below 32F. Do not allow the product to freeze. Store out of direct sunlight. Keep in a cool location out of reach of children and livestock.
